FSIS NOTICE

8-03

3/24/2003

Cancellation of FSIS Directive 10,230.3, Sampling Frame Update Form

This notice cancels FSIS Directive 10,230.3, Sampling Frame Update Form. Inspection program personnel no longer have to complete FSIS Form 10,230.3 for the establishments to which they are assigned.

The Office of Public Health and Science (OPHS) no longer uses FSIS Form 10,230.3 to maintain the establishment lists (frames) for the directed sampling programs. OPHS receives the necessary information for directed sampling programs from information that inspection program personnel input into PBIS 5.0 and from information that Front-line supervisors provide in the eligibility reports. The eligibility reports are located in the outlook public folder, Lab Sample Management Reports.

If inspection program personnel receive a FSIS Form 10,210.3, Sample Request Form, requesting a product not produced at the indicated establishment, they are to update the establishment information in PBIS 5.0 under the "Processing" tab to ensure accuracy of sampling program frames.

Direct questions to the Technical Service Center.

Philip S. Derfler /s/

Deputy Administrator
Office Policy, Program and
Employee Development
